

Cooperation of PKO Mission and Japanese ODA

-A Case Study in South Sudan-

Makiko KIMURA

Planning and TICAD Process Division

JICA Africa Department

Today's Outline

1. Overview of JICA and JGSDF's Project
2. How the cooperation worked?
3. Keys for successful (effective) cooperation

Abbreviation

- JGSDF: Japan Ground Self-Defense Force
- EoJ: Embassy of Japan
- JICA: Japan International Cooperation Agency
- MRB: Ministry of Roads and Bridges
- MOPI: Ministry of Physical Infrastructure, Central Equatorial State (CES)

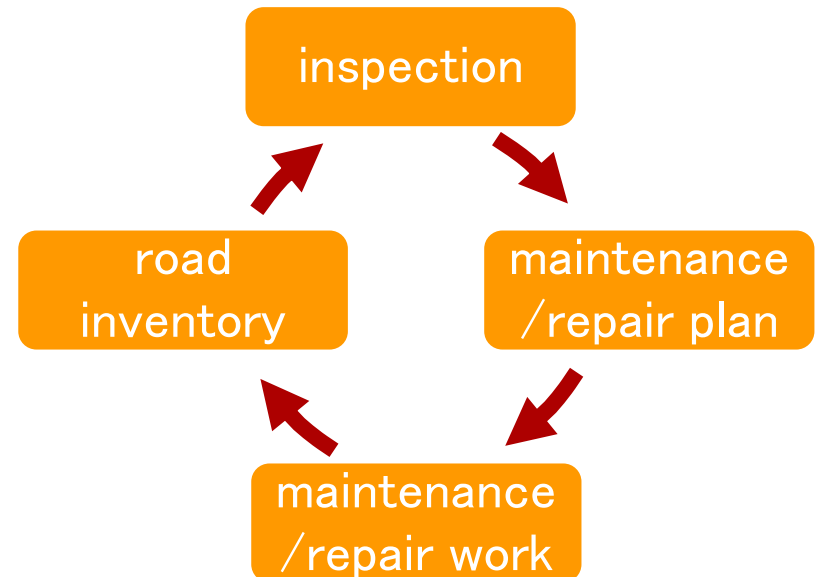

1. Overview of JICA and JGSDF's Project

(1) JICA's Technical Cooperation Project

Project for Capacity Development on Sustainable Road Maintenance and Management in Juba

Project Purpose: To enhance the road maintenance management capacity of government (MRB/MoPI) through establishment of a cycle of road maintenance and management (road inventory and inspection, maintenance/repair plan, and maintenance/repair work).

1. Overview of JICA and JSF's Project (cont.)

(2) JGSDF's Project

Project for rehabilitation of Juba na Bari community road

Main activity:

Rehabilitation of one of community roads in Juba (1.8km)

2. How the cooperation worked?

(1) Key Stakeholders:

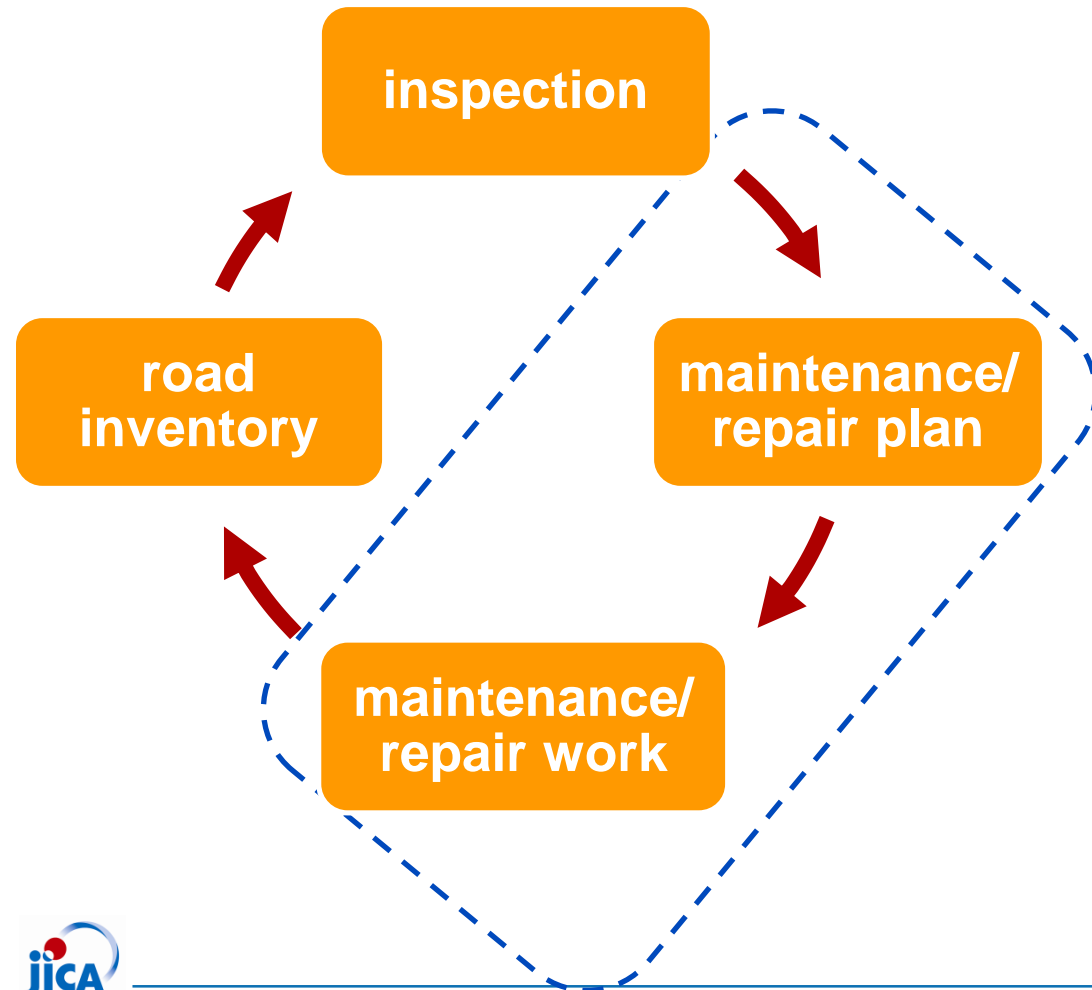

- Same South Sudanese counterparts
- EoJ, JGDSF, and JICA Office took their own responsibility in terms of project monitoring and management.

<Main Stakeholders>

	JICA Project	JGDSF Project
South Sudan	<ul style="list-style-type: none">• Ministry of Roads and Bridges• Ministry of Physical Infrastructure, CES, (road engineers etc)	<ul style="list-style-type: none">• Ministry of Roads and Bridges• Ministry of Physical Infrastructure, CES, (road engineers etc)
Japan	<ul style="list-style-type: none">• Japanese Experts (Road engineers)• JICA South Sudan Office	<ul style="list-style-type: none">• Japanese Self-defence force (Engineers etc)• Government of Japan (Embassy of Japan)

2. How the cooperation worked?

(2) Activities on the ground

- JICA/JICA project team and JSF discussed on survey and designing for rehabilitation of target roads.
- JSF made rehabilitation work with MOPI workers.

Contribute to MOPI's capacity building

Contribute to JICA's project output

3. Keys for successful cooperation of ODA and PKO

(1) **Frequent communication** and clarify the role of all stakeholders

- Effective to avoid duplicated work and to know each organization/mission's able/unable to do.

(2) **Respect** host communities and **ownership of the government**

- Contribute to building trust among its government and community

Thank You!

Towards a resilient, inclusive, and prosperous Africa
