प्रधान मंत्री
Prime Minister
Message

As we observe the International Day of Solidarity with the Palestinian People, I reiterate India's continued support for the development of the people of Palestine.

India has been a steadfast development partner in fulfilling the aspirations of the Palestinian people. India will continue to stand with them in this journey, including through the implementation of people-centric projects in diverse sector based on their needs and priorities. Our ongoing support to the United Nations to carry out their activities in the region attests to our desire to make a meaningful difference in the daily lives of the Palestinian people.

The ongoing conflict has resulted in tragic loss of lives and caused immense suffering for the people of Palestine and the broader West Asia region. India remains deeply concerned at the current security and humanitarian situation. India calls for an immediate ceasefire, an end to all acts of terrorism, the release of hostages and the sustained delivery of humanitarian assistance to the people of Palestine.

India firmly believes that dialogue and diplomacy are the keys to a lasting and peaceful solution. India has always supported a negotiated two-state solution, leading to the establishment of a sovereign, independent and viable State of Palestine, living side by side in peace with Israel.

I join the people of India in wishing the Palestinian people a peaceful and prosperous future.

(Narendra Modi)
