15:00–16:30	Keynote address followed by high-level panel: Keynote address: WHE Executive Director and UNHCR Director for the Division of Resilience and Solutions High-level panel (5–7 maximum): Objectives: Setting the scene <ul style="list-style-type: none"> • Increasingly complex global context. Multiple concurrent interconnected crises (state of poly or permacrisis). This includes crises caused by hazards/challenges including: <ul style="list-style-type: none"> ○ outbreaks and pandemics such as COVID-19; ○ climate change and its effects; ○ conflict resulting in forcibly displaced persons; ○ shifting demography and epidemiology; ○ economic and political uncertainty and insecurity. • Resulting in increasing frequency and complexity of crises, acute and protracted. • Need to identify pathways to build resilience in the health sector including for NCDs. • This includes sustainable financing across the health, humanitarian and development nexus. 	
16:30–17:00	Closing of Day 1 Moderator: Introduction to CVENT and formation of interactive word clouds	

<p>09:00–09:30</p>	<p>Introduction session: Setting the scene</p> <p>Welcome from the day chair Review of CVENT and conference social media</p> <p>Overview of meeting objectives, and expected outputs including sharing lessons across countries and regions, agreeing individual actions to be taken forward, and forming recommendations to feed into the report to the UNSG.</p> <p>Brief overview of meeting structure and agenda including:</p> <ul style="list-style-type: none"> • Plenaries: (1) governance, financing and other strategic considerations with a focus on preparedness, (2) operational challenges and priorities with a focus on emergency response, (3) FCV and protracted refugee crises • Side events • Break out room <p>Setting the scene – Learning from country and regional experiences Introduction to and brief overview of findings from the landscape review and the regional consultations and how these fit with the meeting structure.</p>
<p>09:30 –11:00</p>	<p>Technical segment – Plenary 1: Governance, financing and other strategic considerations with a focus on preparedness</p> <p>Moderator:</p> <p>Objective: To outline the governance (policy, legislation, etc.), leadership and financing challenges in providing NCD care in emergencies; learn from country initiatives to address these challenges (“strategic levers”). This session will introduce the HEPR framework and look particularly at preparedness and resilience strengthening activities.</p> <p>Keynote: (TBC):</p> <p>Voices of refugees or displaced persons including people with lived experience with NCDs (presentation/video): This might focus on the experience of someone living with an NCD during a crisis, the barriers to care they experienced and what they would like to see in terms of policy etc. or their experience influencing the discussion following the pandemic and any results they are noting. This once again may explore community participation/advocacy, etc., or specific asks from policy-makers, applying this to other emergencies.</p> <p>Moderated panel: Voices from the field (with nominated country representatives)</p>
<p>11:00–11:30 Movement break</p>	
<p>11:30–13:00</p>	<p>Technical segment – Plenary 2: Operational challenges for NCD service delivery; new models and innovation with a focus on emergency response</p> <p>Moderator:</p> <p>Objective: Review the variety of operational challenges (or operational levers) for effective NCD emergency response, including supply and procurement, effective service delivery, community participation and protection, surveillance and health information and emergency coordination. This session will reference the HEPR framework, and will focus particularly on emergency response.</p> <p>Voices of persons with lived experience (presentation/video):</p> <p>Keynote on:</p> <p>Examples of service delivery models in acute and protracted crisis using country examples:</p> <p>Panel discussion: Voice from the field (with nominated country representatives)</p>

13:00–14:00	Lunch and physical activity break
14:00–15:30	<p>Multistakeholder partners' forum</p> <p>Two panels exploring different partners experiences and plans for strengthening NCD integration; and their recommendations for UN and Member States.</p>
15:30–16.00	Movement break
16:00–17:30	<p>Afternoon side events are an opportunity for participants to delve into more detailed discussion on particular topics. Self-selection of side events must be done prior on 27 February.</p> <p>Side event 1: Dialysis Moderator: Panel:</p> <p>Side event 2: Diabetes Moderator: Panel:</p> <p>Side event 3: Cancer Moderator: Side event 4: Palliative care Moderator: Panel:</p>
18:30–20:30	Reception hosted by the Government of the Kingdom of Denmark
	Location TBD

<p>08:30–10:00</p>	<p>Breakfast side events:</p> <p>Side event 5: Policy, inclusion, service delivery related to refugees: From full inclusion in national systems to service provision by civil society partners in camps. Moderator: Panel:</p> <p>Side event 6: Preparedness Moderator: Panel:</p> <p>Side event 7: Research Moderator: Panel:</p> <p>Side event 8: Digital innovation Moderator: Panel:</p>
<p>10:00–10:20 Healthy break</p>	
<p>10:20–10:30</p>	<p>Welcome and brief recap from Day 2</p> <p>Review of social media, data generated from Cvent NCD Department, WHO headquarters</p>
<p>10:30–12:00</p>	<p>Technical segment – Plenary 3: The long view: Fragility, protracted crises, displacement and refugee health needs</p> <p>Objective: To cover some of the issues specific to protracted crises (FCV) and protracted refugee settings, including: (1) sustaining NCD care for long term refugee populations; (2) financing NCD care for refugees; (3) ongoing capacity building in FCV. Although the primary focus of the session is on refugees/protracted settings, the country case studies will give visibility to barriers and solutions which have not been evoked in the other plenaries.</p> <p>Voices of refugees including people with lived experience with NCDs</p> <p>Keynote on: Linking the long view with evidence generation through research: Paving the way for health policies/ strategies that are inclusive of refugee health.</p> <p>Presentations and panel with country representatives (with nominated country representatives)</p>
<p>12:00–13:00</p>	<p>Parallel in-depth break out groups</p> <p>Participants will break into preassigned breakout groups. There are 10 groups covering five themes. Each group will have the opportunity to discuss their topic in depth with the aim of forming recommendations for individual MS to take forward. The moderator will have a set of questions, and draft recommendations to use as discussion points with participants.</p> <p>#1: Policy, legislation and financing (especially refugee scenarios) Moderator: Moderation support by WHO Secretariat: Country example:</p> <p>#2: Community engagement Moderator: Moderation support by WHO Secretariat: Country example:</p>

#3: Addressing supply barriers
