

## **NYASHA MAREGERE**

Nyasha Maregere is a consultant in the Facilitated Product Introduction Team within the Regulation and Safety Unit at WHO Headquarters. She provides technical support for the implementation of the Collaborative Registration Procedure for medicines and vaccines as well as global health procedures for approval of medical products.

Nyasha has over 12 years of experience in medicines regulation and international development. She has previously worked at the Medicines Control Authority of Zimbabwe, as a pharmaceutical quality assessor and pharmacovigilance officer; at the Botswana Medicines Regulatory Authority as a Manager for medicines registration and at GIZ SADC/Botswana as a Technical Advisor.

Nyasha holds a Bachelor of Pharmacy (Honours) and a Master of Clinical Pharmacology.
