# Capacity Building on the Use of Digital Technologies under the AfCFTA to Foster Intra-African Trade and Regional Value Chains

25 – 27 November 2025 / Addis Ababa, Ethiopia  
(hybrid format)

## Pre-Training Questionnaire – Understanding Digital Trade under the AfCFTA

### Objective:

1. Prepare participants for the training by familiarizing them with key concepts of digital trade;
2. Assess the level of understanding and readiness of enterprises, institutions, and policymakers for Africa's digital transformation;
3. Encourage personal and collective reflection on the issues, opportunities, and challenges related to the implementation of the AfCFTA Digital Trade Protocol.

The responses will help the training team better understand participants' perceptions, expectations, and knowledge levels before the start of the course.

☞ Please answer honestly: there are no "right" or "wrong" answers.
