4. Consideration of reports submitted by States parties under article 19 of the Convention

Owing to the COVID-19 pandemic and the impossibility of holding in-person sessions, the consideration of five reports initially scheduled for the seventy-first session has been postponed to 2022. At its seventieth session, the Committee decided to pilot an online country review, with Belgium at its seventy-first session. The Committee stressed that the online country review will not create a precedent for future reviews and is based on the principle

that an online review would be conducted only where States have volunteered for such a review, and would not be imposed.

The attention of States parties is drawn to the tentative timetable set out below for the consideration of the report of Belgium.

<i>Date and time of meeting</i>	<i>Report</i>	<i>Symbol</i>

5. Consideration of information submitted under article 20 of the Convention

In accordance with the provisions of chapter XIX of its rules of procedure, the Committee considers information that has been, or appears to have been, submitted for its consideration under article 20 of the Convention.

In accordance with the provisions of article 20 (5) of the Convention and rules 78 and 79 of the rules of procedure, all documents and proceedings of the Committee relating to its functions under article 20 of the Convention are confidential and all the meetings concerning its proceedings under that article are closed.

6. Consideration of communications submitted under article 22 of the Convention

In accordance with the provisions of chapter XXI of its rules of procedure, the Committee considers communications that have been, or appear to have been, submitted to it under article 22 of the Convention. In accordance with article 22 (6) of the Convention and rule 107, paragraph 1, of the rules of procedure, meetings of the Committee or its subsidiary bodies during which communications under article 22 of the Convention are examined are closed.
