

2nd Informal Consultation of Member States and relevant partners on the global framework for development and stewardship to combat antimicrobial resistance
Executive Board Room, WHO Headquarters, Geneva, Switzerland
1-2 October 2018

Additional guidance for participants

The objective of the consultation is to get feedback on the concept for the Global framework, the envisaged content and the way forward. Ideally, the consultation should provide guidance on the objectives and goals of the framework, including missing aspects, the content, including how to approach the responsibilities of Member states, the possible form and financing of the framework and the way forward.

As the consultation will go through the framework concept chapter-by-chapter, there is no requirement for general opening statements. Throughout the first day, stakeholders should have enough time to speak as Member States will have another opportunity to comment on the second day of the consultation.
