AEMRN Initiatives Outcomes and Experience Sharing Conference 2019

Theme: Health for All and the 2030 Sustainable Development Goals

Objectives:
- To share ideas, knowledge, and best practices that provide insights into programming in resource poor settings, with a special focus on Health for All concept and the achievement of the Universal Health Coverage. We leave no one behind and other 2030 Sustainable Development Goals (SDGs).
- To foster and promote cross-cultural exchanges between South-South and North-South participants.
- Plan for the initiatives and as projects for 2020.

December 12th to 13th
