5. Health

A yellow fever vaccination certificate is required if you are arriving in Kenya from a country with risk of yellow fever transmission, list can be found [here](#).

For advice on other vaccinations recommended for visitors to Kenya, please contact the United Nations Office at Nairobi (UNON Joint Medical Service <http://medical.unon.org/>). Useful information can also be obtained from the WHO website <http://www.who.int/ith/en/>

Malaria is common throughout the year in many parts of Kenya, though Nairobi, the capital city is malaria free, but this does not exclude the need to stay safe from infection by mosquitoes. It is recommended to consult your doctor about malaria prophylaxis if travelling into Kenya and beyond Nairobi. Adequate safeguards against mosquito bites are advised (insect repellent, bed nets, clothing with long trousers and covering the arms).

Food and waterborne diseases including diarrhea are common depending on the hygiene standards of the places you visit. Drinking water directly from the taps is not advisable. Drink only bottled water with unbroken seals. Avoid raw foods other than fruits and vegetables that you have peeled off yourself. Wash hands frequently with soap and water or sanitizers at designated spots in eateries and restaurants.

Medical costs incurred in Kenya will be directly borne by the participant. It is therefore strongly recommended that you arrange for your own travel health insurance prior to departure from your country and arrival in Kenya.

6. Security

The United Nations Office at Nairobi (UNON) is working to ensure that all precautionary measures are taken for UN meeting participants safety and security. However, participants are personally responsible for their movements outside the UN Complex. If you intend to stay in a hotel, you are advised to choose accommodation from the recommended list of hotels available at: <https://iseek.nairobi.un.org/TSVU>

7. Weather

March is a long-rains season in Kenya with occasional cold fronts, hence Nairobi will be mostly wet, and Nairobi River valleys with incidents of diurnal floods. Such weather conditions disrupt traffic flows with sudden jams. The overall day temperature is very high at 27°C (80°F) and cold nights at 14°C (57°F). With the tropical nature of the region, the humidity tends to be high and overcast with clouds which visitors should take that into account and be sure to wear weather-appropriate heavy clothing and rain protection gear. Current weather conditions in the area can be found [here](#).

8. Electricity

The electrical currents in Kenya are 220 -240 Volts, 50 Hertz. Kindly, note that Kenya uses the 13A 3[square]wall switch socket outlet.

9. Official Languages

The official language of the Republic of Kenya is English, and the national language is Swahili.

10. Money and Banking

Currency and exchange rates

The official currency of the Republic of Kenya is the Kenya Shilling (KES). The current exchange rates can be found [here](#).

Foreign currency can be changed at JKIA, which has 24-hr service, banks and foreign currency exchange bureaus. Banks with ATM services in major centers across the city are open from 09:00 to 16:00hrs Monday to Friday and from 09:00 to 12:00hrs on Saturdays. Some ATMs can dispense foreign currency in US Dollars.

The following places are available near the UNON compound in Nairobi for currency exchange:

- **Kenya Commercial Bank (KCB)** is located on the ground floor in the UNON complex, next to the Delegates Lounge. Another KCB ATM is located at the Gigiri Square.
- **Standard Chartered Bank** is also available in the complex, located opposite KCB Bank
- **Emerald Gardens' Bureau de Change:** walk from the main gate of the United Nations, cross the road, turn right and walk about 200m. You will find a Chinese Pagoda building to your left, where the Forex Bureau de Change is located on the first-floor houses and other banking facilities. There is also National Bank of Kenya in this complex.
- **Warwick Center:** from the main gate of the United Nations, cross the road, turn left and walk about 100 m. The building will be to your right, in a complex of shops, banks, restaurants and offices. There are Stanbic Bank located here and two ATMs.
- **Gigiri Square is** Next to Warwick Center, but before the Mediterraneo Restaurant, on the same side of the road, housing Kenya Commercial Bank, Equity Bank, and I&M Bank.
- **Village Market** Is a shopping complex and a 3-minute taxi drive from the main gate of the United Nations. There are several banks and forex bureau at Village Market. It is also a popular exotic eatery with an assemblage of food courts. Recently, an extension of the complex has incorporated modern shops, hotel accommodation, pool games and bowling. It has two food courts which are very popular with different cuisines.

ATMs

ATMs are available country-wide with 24-hour access, most accept different debit and credit cards –Mastercard, Visa etc.

Within the UNON complex there are four ATMs on the lower concourse; two next to the Kenya Commercial Bank, one near the UNFCU (United Nations Federal Credit Union) and the last one is next to Standard Chartered Bank. There are also two ATMs (KCB and UNFCU) at the UN Commissary on the northern end of the UN Gigiri Complex.

Major international cards are accepted. Credit card fraud occurs in Kenya as in most other parts of the world; therefore, the usual standard precautions should be taken.

II. UNON COMPLEX

1. About the UNON Gigiri Complex

Daily, the Gigiri complex accommodates approximately 3,500 staff members inclusive of the service coordinators. However, during major conferences, the population at the Gigiri complex can exceed 6,000 people.

The 140-acre UN Gigiri complex is a peaceful place, adjacent to the famous Karura Forest, where the Nobel Laureate, Prof. Wangari Maathai, sought refuge and sanctuary when this green asset was a subject of land sub-division by the Kenya Government at the time.

The Karura Forest complex (about 2,000 hectares) is a unique public facility under the management of the Kenya Forest Service. Well-demarcated nature trails, jogging lanes and cycling paths provides the best environment for recreational activities, including physical training. The forest offers a chance to observe local wildlife such as red duikers, squirrels, marsh mongoose, Sykes monkeys and olive baboons. Several bird species can be spotted, including crowned cranes, Egyptian geese, crested eagles, green pigeons and hoopoes. Colourful butterflies and animals, such as reptiles and amphibians are frequently sighted.

While at the UN Complex in Gigiri, please refrain from feeding the Sykes' monkeys. They are wild animals and should not be fed with any left-over food meant for human consumption. This is bad for their digestive systems and their teeth, apart from getting them acquire food snatching habits and conflicts with humans.

The UN Gigiri Complex has a variety of unique natural habitats and thematic arte-facts. It also boasts of an ecologically balanced environment, with a set of constructed wetlands filled with reed-beds and artificial water features, to support its primary wastewater treatment. A designated biodiversity 'arboretum' with an assemblage of indigenous tree species is situated on the southern end of the Complex with interpretive nature trails. Staff use this biodiversity feature for jogging, in addition to the paved walking tracts along the perimeter fence of the complex property.

A physical tour of the UNON complex may be arranged through the UNON Visitors Centre through this link to constitute visitors with their surroundings and any other additional information. You may also wish to take a virtual tour by clicking here.

2. Registration and Access to the complex

Access to the UN Gigiri Complex is via the UN Avenue—off Limuru Road. The pedestrian access is through the Pavilion, north of the main vehicle access gates opposite the United States Embassy. Vehicles can drop off their passengers at a drive-in space in front of the gate.

All participants need to register prior to the meeting to be allowed access and have their attendance officially recorded. Participants are to register via Indico, at the following link <https://indico.un.org/event/34068/>.

Pre-registered participants will be screened and are advised not to bring weapons, ammunition, flammable items or sharp objects. Participants will be issued with conference photo badges and are advised to wear the badge always during their visit to the complex.

Should you have any further questions about registration, please contact Ms. Loisina Ambeyi loisina.ambeyi@un.org; copy to unep-sqb@un.org.

3. A Paper Smart and Plastics-Free Event

This meeting has been designed to be a paper smart and plastics-free event:

Paper Smart - Participants and delegates are encouraged to bring laptops or iPads and smartphones, as all documents will be made available online and no hard copies will be provided.

Plastics-Free - To combat pollution the UNON compound now uses glass water bottles instead of plastic containers. All restaurants within UNON are not allowed to serve food or beverages in single-use plastics. Therefore, participants are encouraged to bring their own reusable water bottles, as water dispensers will be available at a suitable and accessible location in the conference room. Sustainable water cups will also be provided.

4. Wi-Fi

Free Wi-Fi facility will be available in the UNON complex and all meeting rooms. Select the wireless network connection named 'VISITORS' or 'DELEGATES' to enjoy internet access for information and documentation prepared for the assembly.

5. Medical Assistance

The UNON Medical Clinic emergency and first aid assistance, including on-call (24-hour) ambulance services are available.
